

Career Information Resource Guide for Transitioning Military and Veterans

This guide lists many resources for military in transition back to the civilian work world. In using this, take a look through all the possible resources relevant to your situation. Do your own research to figure out what sites best provide the guidance and assistance you need. There are a lot of resources dedicated to helping you transition. The work to do so effectively remains your personal responsibility. I hope you find this list useful. I am not endorsing these sites although I have been careful to find reputable ones which can provide useful information.
