

**Pembroke Meadows Civic League**

**General Membership Meeting**

**May 16, 2019**

Kate called the meeting to order at 7 p.m. She introduced Officer Treadway, who presented information before the civic league regarding the importance of neighbors reporting suspicious activity. He gave the non-emergency number 385-5000 and his office number 385-2703. A discussion was held regarding the park not being well lit and the shots that people reported hearing from there one night. This was investigated and they were unable to recover evidence. Another area of concern was cars speeding on Pembroke Boulevard and other streets and putting in speed tables was suggested. Officer Treadway said this process has to be started through the Traffic and Engineering Department. He was also questioned about the ordinances regarding golf carts being driven on residential streets. He said he would check out the regulations regarding this. He also stated a survey is being sent out by the city to residents for their input.

The next guest was Chris Graves from Public Utilities who gave a presentation on the Pembroke Meadows/Shores water and sewer line replacement. Phase One will be north of Pembroke Boulevard, start in September and take 2 years. When this is completed, Phase Two will start. There will be traffic disruptions, lane closures and detours but access to driveways will be maintained. Residents will be notified of shutoffs, etc. The sewer lines will probably be done first. Chris gave his phone number 385-4967 and email address [chgraves@vbgov.com](mailto:chgraves@vbgov.com)

**Treasurer's Report**

Mike gave the Treasurer's report as of 4/30/2019:

Business Money Market	\$43,106.68
Civic League Checking	7,646.58
Savings CD	<u>35,349.17</u>
Total Assets	\$86,102.43

There were no liabilities

Mike mentioned that the amount will go down by \$18,000 due to pool expenses. The pool will open Memorial Day Weekend.

**Movie Night** – 49 tickets were given

**Easter Egg Hunt** – There was a good turnout at the Easter Egg Hunt.

**General Discussion:**

The Civic League will begin the process of writing a letter to request a speed table. Part of the process is that 75% of the residents agree to it. If approved, the speed table would generate a \$200 fine for speeding over it. Officer Treadway mentioned that the Civic League could complete a form requesting an officer to run radar or a planned patrol if they are not too busy. Also, the Civic League could ask that the park be controlled at night if possible. A motion was made to write a letter to Public Works Engineering to start the process for the speed table and it was seconded.

There will be a newsletter in July.

The meeting was adjourned at 8:15pm and refreshments were served.
