### SCHOOL HAS BEGUN AGAIN

This fall the Pembroke Meadows Elementary School children who live in the Shores, will not have bus transportation provided. To insure the safety of these children it is important that the residents remind their children to observe the necessary precautions while walking to and from school and to immediately report - to an adult - any problems or unusual occurrences. It is especially important for residents to be observant at noon when the kindergarten children will be traveling without the benefit of the company of older children.

This summer has had an increase in problems in our community. One of which is our PARK. The Park closes at sundown, help us to enforce this rule. If you drive by after that time and see children or young adults there, tell them the park is closed and request they leave. Vandalism has been on the rise and there has been the appearance of sex-related crimes (including a possible rape). It is extremely important for all members of our community to be very observant and report any suspicious or unusual incidents to the POLICE immediately.

This is an election year and Virginia is ranked 50th in the states for voter registration. Only 22% of the state has registered. That's pretty poor considering the size of Virginia.
