PRESIDENT	GARY ROMSKA	_____
1ST VICE PRESIDENT	BOB BROTMAN	_____
2ND VICE PRESIDENT	DON CATES	_____
RECORDING SECRETARY	PEGGY CAVERLY	_____
CORRESPONDING SECRETARY	SUE OTT	_____
TREASURER	STANLEY WEISMAN	_____
MEMBERSHIP SECRETARY	BOB ST CLAIRE	_____

YOUR NAME _____

FLEA MARKET

The Flea Market held on 28 April was an overwhelming success. Our thanks to Sue Ott and Margie Brotman who did such a great job putting it together. Thanks also to those who assisted our Social Chairwomen.

BEAUTIFICATION

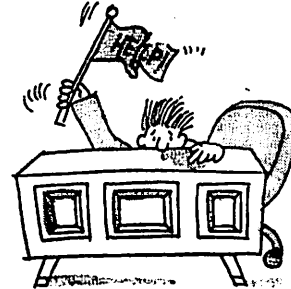

Spring is here and it is again time to mow our lawns, trim shrubs, etc. After mowing and trimming your lawn, remember to sweep the sidewalks and gutters. The clippings that go into our sewers end up in our lakes and have the potential for polluting and killing our lakes.

THANK YOU

A special thanks to Mr. Monger, Principal of Pembroke Meadows Elementary School, and his staff for the excellent support and cooperation afforded to the Civic League during the past year.

REMINDERS

Speed Limit: Our community has a posted 25 mile per hour speed limit. With summer coming upon us and the schools closing for the summer vacation period, our small children will again have a tendency to walk or play in the streets. Please protect our children by observing the posted speed limit.

HELP WANTED!

-REWARD-

Pride in your community.

Spare 1/2 hour of your time and trim around one tree or bush on the median strip. Come early Saturday, May 12th or there may not be a shrub left for your expert trimmery.

LET'S LOOK SHARP THIS YEAR!

PRESIDENTS CORNER

As I conclude my term as your Civic League President, it is appropriate at this time to extend my thanks and appreciation for assistance to those in the League who contributed their time and efforts in the many endeavors we have accomplished this past year. I especially thank the members of the Board of Directors who worked so diligently. Thank you one and all !

Attendance at the General Membership meetings this past year has been disappointing. Wherein the topic of discussion was either controversial or directly affected residents, attendance was high. A friend of mine pointed out to me that this is the general case in Civic Leagues and perhaps they "exist to respond to crises interspersed with apathy." I would hope this not to be the case. There are many more things the League could have and should have done. They would have been done had residents provided their opinions, desires and efforts.

The new officers will be elected this month. It is highly appropriate that a large crowd be present at the meeting on 17 May to elect them and exhibit their personal support. **BE THERE!** This is your community and it is time for you to show that you recognize it as your community!

TEEN CAR WASH AND PIZZA PARTY

The lack of response this past month from teens interested in the Teen Car Wash and Pizza Party prompted the Board of Directors to defer the event to a more propitious time later in the year. Past such events have run into shoal water because of the inclement May weather. Perhaps in the hot sun of July or August a cooling car wash will do better.

RIVER DREDGING

For those who live on the water and for those interested in the boat ramp, the following status is provided.

In 1976, it appeared as though dredging was imminent from the main channel past Oliver's Point to Ed Link's property and the eastern side of the shores to the pool. It never came to pass. The problem which had to be resolved was the designated spoils area. (The place where the dredged material was placed). Resolution of this final phase ran upon "bad ground" when the spoils area previously used on Oliver's property was not available due to the new development and new land owners of the "spoils" property. Negotiations between the Developers and the City of Virginia Beach for the spoils area broke down. A call to the City of Virginia Beach indicates the whole project is in "Limbo". It is appropriate that the Civic League go forward to the City via correspondence and ask that the issue be opened again. It shall be done!

By the way, channel marker number 16 missing in the Lynnhaven River. For those who have made the trip to the Lesner Bridge, you probably guessed and found where the channel wasn't. A call to the City to report the missing marker was made with a report that late in the week of 6-12 May it would be replaced and other markers straightened as well.

THE ANCIENT ART OF SAUNTERING

As physical fitness mania spearheaded by hordes of sweaty joggers seems to be clogging the nation's arteries, a leisurely campaign to revive the almost defunct art of sauntering is gaining momentum - ever so slowly. To saunter, by definition, is to stroll aimlessly at a leisurely pace. Aristotle was one of the first devotees of the pastime and he loved to lecture to his students during relaxed outdoor strolls. To perservere this ancient art, a World Saunter Society has been formed and its adherents are dedicated to the preservation of such pursuits as the impromptu stroll in the garden. New converts to the movement are warned against trying too much too soon. The cardinal rule of the society is: "Start out slowly, proceed slowly and end slowly. The Society is currently seeking an emblem or motto but in accordance with its philosophy, it is moving ahead at a snail's pace.

COMMUNITY BULLETIN BOARDGUIDELINES FOR PLACING ADS

PLEASE CANCEL ADS UPON SALE OF ITEMS ADVERTISED,
OR JOBS FILLED, OTHER ARTICLES WILL RUN FOR THREE
(3) MONTHS ONLY, UNLESS OTHERWISE REQUESTED.

Ping pong table on rollers \$9.98. 499-3074.

PEMBROKE MEADOWS/SHORES RECREATION CENTER
NEWSLETTER 3

EARLY MAY 1979

Within a month our pool will be open and we can anticipate many happy days at a facility within the midst of our community. No need to go to the beach, the "Y" or the military facilities. We have it all within walking distance of our homes.

MEMBERSHIP At the time of this printing the paid membership was approximately 130. In accordance with our Rec Center Bylaws those members submitting dues subsequent to April 30th will incur a \$5 late charge. Additionally, in accordance with the Center by laws, each Rec Center member residing within the Meadows/Shores area must be a member of the Civic League. Many have forgotten to pay their Civic League dues when submitting their pool dues. Please make this \$5 remittance as soon as possible for you will not be issued a pool admittance pass unless you are a paid up member of the Civic League. In order to operate a daily eight hour general swimming period plus swimming team and swim lessons each week day morning, 240 members are required. To avoid reducing operating hours it is requested you return contract with check or credit card information as soon as possible. The Board of Directors will actively seek new members during the next few weeks. Contact anyone of them for information regarding membership. It is important to submit all the names of the members of your household with your membership for there will be no admittance to the pool deck unless each individual has her pool pass. The Treasurer will be available at the pool from 0900 to 1300, 12 May to receive membership dues.

SWIMMING LESSONS Four levels of swimming instruction will be offered. These lessons will range from the non-swimmer to advanced swimmer instruction. Members fees for these lessons will be:

1. \$5 per person
2. \$20 Maximum per family

The same instruction will also be offered to non-members at the rate of:

1. \$10 per person

Non-members should note that the facility will be available to them only during the swimming lesson period. Registration will be held at the pool after the pool opens. In order to assure yourself a position in the class, pay your fee at registration. We anticipate classes starting the Monday after school closes unless the requests for adult instruction necessitates an earlier class.

HELP NEEDED Any building or facility that stands idle 3/4 of each year requires an extra amount of maintenance to put it back into operating order. Your swimming pool is no exception. Since the first Saturday in April the Board of Directors has had work sessions each weekend. There are still a myriad of minor tasks which can be done by willing and able members. Each Saturday between 0900-1200 from now until opening day a work session is being held. Take pride and self interest in your investment and help get your facility ready. Contact Dick Koehne (497-2317) or Walt Schriefer (497-3818) for work suggestions and access to the pool at times other than Saturdays. When coming to work sessions on Saturday bring your garden or yard tools such as clippers, garden rakes, pruning shears or saw, flat blade shovel and trash bags.

SWIM TEAM Another exceptional year is anticipated by the swim team. Both members and non-members can participate in this competitive experience. Registration for swimming team fee will be charged each swimmer. Non-members will be charged and additional \$30 each for pool usage during practice sessions.

POOL PARTIES With the season fast approaching you are urged to pick dates for your private parties early and contact the Secretary for date confirmation. The private party charge is \$30 per member and \$50 per non member. The pool areas can more than accommodate 175 people at one time.

VOTING MEMBER MEETING There will be a very important voting membership meeting on 1 June at 7:30 P.M. at the pool, rain date 3 June, same time, same location. The February 1979 Newsletter indicated a general meeting would be held early in the season to solicit ideas and report on the Centers financial condition. This is the time to get those innovative ideas off your chest so that they can be utilized during the season. However, don't get carried away with brainstorming unless you are willing to commit your time. The world is full of talkers and complainers but there are very few willing doers.

STAFF The Board of Directors decided and were successful in recruiting a manager from outside the area. In order to maintain a high quality of leadership the qualifications of the manager were set: (1) At least 21 years of age, (2) Current WSI, (3) Current CPR qualified, (4) City certified pool manager, (5) enrolled in or completed a college level water front recreation course.

In order to upgrade our guard staff those individuals which most closely met the above qualifications were selected to fill the guard positions. Our manager this year will be Mark Dewandle. He will be graduated from William and Mary College this May and meets all the requirements listed above. Additionally, he has managed pools for the past three years. He comes to us with high endorsements as a swimming instructor and team couch. There are three other water safety instructors on our staff who also meet all of the requirements listed for the manager. One of our WSI (Water Safety Instructor) is also qualified to teach CPR. Consequently, the Board of Directors is confident that safety conscious swimming instruction and coaching will be of the highest caliber.

All members must realize that this competent staff's first responsibility is safety at the pool. These employees are in charge whenever the pool is open and they are on duty. If there are any complaints concerning policy or staff contact Dick Voltz or Walt Schriefer.

Looking forward to a season of fun in the sun.
