AUGUST 1979

PRESIDENT'S CORNER

Now that the summer is drawing to a close and the Recreation Center is preparing for elections of next years committee members, I'd like to thank those who pulled this year's committee together. As most members of the pool know, this year's committee began the year with outstanding bills from 1978 in excess of \$2,000.00 and repairs needed immediately if the pool was to open at all in the spring of '79.

With personal loans from Walt Schriefer and Dan Folta, capital was secured for operating funds and the pool was opened on time in 1979. Dick Koehne, Walt Schriefer, Joe Avoli, Jeanette Willenbrink, their families and many others vested scores of personal hours in preparing the pool for the 1979 year.

Dick Voltz, hired personnel, organized operating procedures and devised a record keeping system which had never been established in the past. Joe Avoli counted every penny (thank heaven) to make sure the pool remains solvent. And, Jean Weber and Tom Horvatic organized and led the swim team to a successful award filled year, and an auction which netted over \$450 for the pool.

Last, but not at all least, Lou Riccio, with the help of Celine Tolley and many others, staged another successful (and the first provitable) Shrimp Feast.

These people succeeded in all this, despite the constant threat of closures due to lack of funds, because they cared. This committee cared about everyone who uses the pool and they worked hard so that everyone else could enjoy themselves.

I'd like to thank everyone on the Recreation Center Committee for doing the job they did. Not only did they make my first three months in office as your president much easier but they collectively made the summer of '79, a much more enjoyable one for the Romska family.

If you see the members of the pool committee, thank them, it's all the salary they received.

GARY ROMSKA

KEYS FOUND

A distinctive key ring, with many keys, has been found on Bishop Dr. near Liverpool.. If yours, call and identify at 499-0750.

"RUN FOR FUN"

The first annual Pembroke Meadows/ Pembroke Shores Run is coming! Circle Sept. 8th, Saturday morning at 10:00 A.M. on your calendar for some: A. Fun, B. Exercise, C. Fellowship. The starting line will be at the playground opposite the pool. A short orientation briefing will be presented just prior to the run by Dr. Sid Sward, exercise physiologist.

After the run, refreshments will be served at the playground.

The P.M./P.S. Run will actually consist of 2 runs, the competitive run starting at 10:00 A.M. for those who want more of a challenge the fun run beginning at 10:05 A.M.

Everyone completing the mile run will be eligible for door prizes which will be randomly drawn. These prizes will be awarded according to the sequence in which the runner finishes, i.e. if the number 6 is drawn, the participant who finishes 6th will win the prize!

The whole concept of the Run is to have fun while gaining the benefits of healthful exercise. Entire families are encouraged to take part. Don't let the word RUN scare you. Walking and jogging will also be permitted. However, there will be a one hour time limit for completion of the mile course.

This will be the civic league sponsored event that kicks off the fall season.

The rain date will be on the following Saturday. Get involved! If you don't run, come out and cheer!

TRAFFIC REMINDERS

The speed limit in Pembroke Meadows and Shores and on Pembroke Boulevard is 25 miles per hour. Also, stop signs on the corners mean just that, stop. They do not mean slow down to 10 miles per hour and slide through.

If you have an accident in the subdivision you cannot plead with the police officer that you didn't know the laws..... because you just read them here.

SIGNS - SIGNS -SIGNS

Along with daisies, dandelions and grass, the spring and summer months also bring out a bumper crop of signs. From houses for sale to trailers for rent, garage sales to lost pets, signs pop out everywhere.

Because of the abundance of signs and the desire to keep our entranceway pleasing it has been and will continue to be the policy of the Civic League to bar all forms of make shift and unauthorized signs, placards, etc. from the median strips. The Gazebo especially is restricted from signs as the constant hammering of nails and spikes will weaken the structure.

Your co-operation is appreciated.

MEMBERSHIP DRIVE

375 community families had joined the Pembroke Meadows/Shores Civic League in 1979. This total membership represents the largest annual membership in over five years and is evidence that most people do care about our community.

Many thanks to all those who volunteered to contact their neighbors and a special thanks to Bob StClaire who masterminded the entire campaign. Without the many hours Bob and his committee put in our membership would not be what it is today.

ENTRANCEWAY AND MEDIAN STRIP

On July 14th the following people took time out from their own chores and pitched in to help trim, cut and clean up the entranceway to our community:

Don Oates
Peggy Caverly
Mary Ann Romska
Joel Ott
Bob StClaire
Gary Romska

Also, earlier in the month, Jack Enoch and his son James picked up trash.

From all those people who are Just Too Busy to help clean up our community - **THANK YOU** to those who did!

To those of you who are wondering who is responsible for the two median strips, the grass strips and brick walls on either side and the Gazebo in the entranceway, the answer is you are. That's right, everyone in the Civic League is responsible. While only EIGHT people stepped up to help when asked over 745 didn't even bother to stop and offer.

Think about it, if everyone in the Civic League could volunteer just one hour per year to maintaining the median areas we would have over thirty one days of community labor to beautify our neighborhood. Think about it and call Don Oates at 499-6016 to give just one hour. PLEASE!!

LITTER CONTROL

Help us save your tax dollars! The
Virginia Beach Clean Community System is
seeking volunteers to assist in their pro-
gram of litter control. The Clean Community
System is a program developed by Keep
America Beautiful to help change citizens
attitudes about litter. The program coordi-
nates the involvement of government, civic
organizations, schools, and businesses, as
well as private citizens. For further infor-
mation call Dorothy Castles at 427-4461.

MOPED SAFETY

The enterprising Japanese economy
and the American affluence has precipi-
tated an increase in the number of MOPED's
(gasoline engine driven bicycles) plying
the streets of our community. (Increase
in gasoline prices and limited supply
has also enhanced MOPEDs popularity.)
Recently, a "whizzing" MOPED upon which
were saddled an 11 year old and 13 year
old prompted an inquiry to the Police
Department regarding MOPED rules.

Basically, MOPED's need only be
licensed as is a bicycle, the operator
must be 16 years of age or older, no
motor vehicle operator's permit is required
and they must be operated within the rules
specific for all vehicles operated on the
streets and highways.

The philosophy behind the absence of
an operator permit requirement is that
the MOPED travels no faster than some of
the 10 speed bikes (20-25 MPH) available.

It would seem prudent for those who
have MOPED's in their household to ensure
that it is driven only by those 16 years
or older and they have been instructed
in the "rules of the road" to prevent a
"fun" and economical thing from becoming
a tragedy.

SHRIMP FEAST

In July 160 members and friends enjoyed a shrimp feast organized by Lou Riccio and a team of workers. An additional feature of that evening was a silent auction. Because of the efforts of the following members who organized the auction, Judy Michele, Marilyn Fall, Sherry Cook, Terri Mikulka, Jeanette Willenbrink, Rita Horvatic, Diana Tucker, Jean Weber and the great donations of the merchants, this event was highly successful and enjoyed by all. The Pembroke Meadows/Pembroke Shores Rec Center sincerely thanks the merchants listed below for their part in this success.
